Environmental Campaign or Project DOCUMENTATION
(photos, graphs, tables, etc.)

2018 Keep McIntosh Beautiful Scholarship

Samples of Qualifying Environmental Campaigns or Projects

1. Form an MCA Adopt-A-Highway or lead another student team. Students pick up at least 3 times during the spring semester of 2018.
2. Create a simple project related to recycling, litter reduction or beautification to benefit MCA or a church, organization, park, stream/lake or other outdoor area in Darien or McIntosh County.
3. Design and complete a simple research project or survey related to recycling, pollution or resource conservation or preservation in McIntosh County. For example, a survey could be conducted to collect information about recycling habits/behavior or attitudes toward recycling among high school students at MCA or some other group. It could also be an online survey of some kind. Compile and describe the results. How are these results useful?
4. Design and complete a project for Keep McIntosh Beautiful, such as an awareness campaign related to recycling, litter, pollution or another topic, carried out at MCA or in the community. For example, a series of brief articles for the Darien News, your school newspaper or for the KMB website or KMB Facebook page, aimed at children/students or adults. This could include a video Public Service Announcement or other short production. Create a section about recycling of a particular item or material for inclusion on the KMB website. For ideas, visit Earth911.com
5. Design and complete a landscaping project at MCA in conjunction with the Agriculture curriculum at MCA or with the help of volunteers in the local community.
6. Applicants are invited and encouraged to work with a MCA faculty member (or College organization if applicant is already enrolled in a college or technical school) Beta Club (for their community service requirement) or work with a KMB Board Member or the Keep McIntosh Beautiful Executive Director to plan and complete their project or activity.
